Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the claims:

Cancel non-elected claim 20.

Remarks

Applicant's election of claims 1-19 in the reply filed on September 20, 2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). "a search of the subject matter of Group I will necessarily cover a search of the subject matter of Group II" is merely a general statement that can be used in any case. As indicated in the last office action, the search of the subject matter of Group I will not necessarily cover the search of the subject matter of Group II.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record do not teach the method of controlling cracks in an integrated circuit comprising the step of forming at least one opening in a wiring level adjacent to the crack stop, the step of depositing a release material in an amount sufficient to fill the opening and the step of removing excess release material to form a vertical interface along the perimeter of the integrated circuit within the opening adjacent to the crack stop. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
